

PRERNA

Web Developer | Non-Voice Process Associate

Faridabad, Haryana, India | 8860762489 | prerankumari04@gmail.com | linkedin.com/in/prerna-b4a3273a3 | github.com/prerankumari4-max

SUMMARY

Motivated BCA student with hands-on experience in a Non-Voice customer support process (Amazon South America, SPS) and a strong interest in web development and UI design. Skilled in building responsive, user-friendly websites using HTML, CSS, and JavaScript. Detail-oriented, process-driven, and passionate about continuously improving both technical and professional skills.

WORK EXPERIENCE

SPS (Non-Voice Process) - Amazon South America Process | Concentrix *July 2026 - Present*

- Handle non-voice, back-end support tasks for the Amazon South America process as part of the Seller/Support Process Specialist (SPS) team.
- Review and process customer and seller requests accurately within defined turnaround times and quality standards.
- Maintain strict adherence to process guidelines, data accuracy, and confidentiality requirements.
- Collaborate with team members and quality analysts to meet daily productivity and accuracy targets.
- Use internal tools and MS Excel to track, document, and report case resolutions.

Web Development Intern | CodSoft *1 Month*

- Developed a fully functional e-commerce website using HTML, CSS, and JavaScript.
- Designed a responsive restaurant website with navigation, menu, and contact interface.
- Created a responsive email template with a clean layout and cross-device compatibility.
- Built a user-friendly sign-in interface with form validation and intuitive UI.
